There are two ways to create a Rounding List.

- **Manual Rounding List**:
  
  Practitioner can self generate a Manual Rounding List.

  Please see the slides from 6 to 9 for more information...

- **Automated Rounding List**:

  Please see the next slide for further information....
Automated Rounding List

- Patients Eligible for Medical Care are highlighted in **Orange**, so Practitioners can complete rounds faster.
  - Last Encounter was **60 Days** or before
    (# of Days is Configurable)
  - A Nursing Note recorded after the last Encounter
  - A Practitioner Note (Hand-Off) recorded after the last Encounter
